Latest and Trusted News

DEAR MEMBERS OF THE ENSHPO COMMUNITY

We are very proud to be able to announce the incorporation of three new members to our big family.

NVVK The Dutch Association for Safety Science (Netherlands)

NISO National Irish Safety Organization (Ireland)

DPA The Association of Security Professionals (Latvia)

For a network such as ours, to be able to count on these associations is one of the greatest honor.

Associations with more than half a century of history, such as **NVVK** and **NISO**, and some as recent as **DPA**, but who understand and share that through union, goals and objectives are achieved.

ENSHPO always will be delighted to welcome, those institutions, associations and partners who understand and share that a world with safer, healthier and more sustainable working environments is possible.

BREAKING NEWS**WEBINAR "SAFE DAY".
MAY 4TH 2023, 14.00-15.30
(CEST)**

In June 2022, the 110th **International Labor Conference** adopted a resolution to include the principle of a safe and healthy working environment in the framework of Fundamental Principles and Rights at Work (FPRW) of the **International Labor Organization (ILO)**

ENSHPO, as the leading European voice of Health and Safety professionals, is convinced that following this milestone, it is up to us to be one of the conduits for communicating the challenges and opportunities of making health and safety a Fundamental Principle, and what it means for professionals in their daily work.

Therefore, this webinar is organized for the next May 4th from 14-15.30 pm (CET) to answer fundamental questions, such as • What are the implications for countries of the incorporation of this Fundamental Principle? • What are the actions to be taken by the different actors (institutions, governments, employers, trade unions)? • How does this Principle translate into the work of Health and Safety professionals?

We are glad to confirm the participation as speakers of:

Mr. Joaquim Pintado Nunes

Branch Chief. Labour Administration, Labour Inspection and Occupational Safety and Health, ILO.

Ms. Charlotte Grevfors- Ernoult

Head of Unit "Health and Safety at Work". Directorate General Employment, Social Affairs and Inclusion. European Commission.

Mr. William Cockburn

Interim Executive Director. European Agency for Safety and Health at Work.

Mr. Ignacio Doreste

Senior Advisor. European Trade Union Confederation

**MANAGEMENT AND SAFETY - M&S
CONFERENCE**

"Conference "Management and Safety - M&S" reached 18th edition due to loyal authors and participants and hereby joined the rank of successful traditional and international scientific and professional conferences.

The conference has a successful history, and a promising future: human, social and economic aspects of safety, the constant emergence of new risks, and thus the need for effective and preventive measures and forms of protection, and, above all, the need for international cooperation in research and development of safety management.
